By initialing, I (we) confirm that we **DO NOT** want Greeneway RV to winterize our camper. *(Initials only required for Monthly, Seasonal, Annual, and Package B.)* I (we) understand that an unwinterized plumbing system will result in damage to unit.

The winterization services provided by Greeneway RV pertain exclusively to the fresh water system. Any additional items requiring preparation for freezing temperatures are my (our) responsibility, including but not limited to; holding tanks, belongings sensitive to temperature, and batteries. When the trailer is winterized, the drain plug will be left out of the water heater. When the trailer is summerized, the drain plug will be installed in the water heater. I (we) accept full responsibility for any damages that may occur as a result of cold weather and hereby release and hold harmless Greeneway RV from all claims, demands and damages.
